Andy,

I assume MTSO still has the entirety of the Avery file? I imagine they sent the original or a copy to the AG who is handling the appeal, but that they retained a copy. Is this correct?

My understanding is this print off should be in the file somewhere. I'm assuming the sheriffs department still had their file. Michael can you confirm this.

Hi all,

Sorry for my absence. I'm a bit off the grid this week.

Andy and I have talked about this in great detail and I've also spoken to Larry Ledvina at MTSO about it. As far as I'm aware, there is nothing that is time stamped that would still be available.

Sorry I'm not more helpful.

I see what you mean, Deb. Brenda, did this ever come up in your discussions with Andy?

Thank you.

I agree that no one disputes he made the call. But he says he made the call in part because they print off the information from the TIME system and put it in his box and then he has the VIN #. If we can find that paper to prove that is actually what was done that could be helpful. Furthermore that paper may have a date / time on it that would go a long ways in

proving the time he made the call. Many computer printouts just automatically put a date / time on it.

I'm not understanding, Deb. No one doubts Andy made the call to dispatch, it's on tape.
Which call are you referring to?

Brenda and Michael –

It would be of great help in proving that Andy made the call if we could locate that piece of paper that the dispatcher prints upon him calling in the license plate of the car. This will help to substantiate his story.

Brenda – do you have this by chance ?

Thanks!
